- | | |
|---------------------------------------|-------------|
| • UIKit and Core Foundation Framework | • iBeacon |
| | • CocoaPods |

- AFNetworking
- Cocoa Touch Layer
- Core Services Layer
- Core Location
- View Controller in Multi View Applications
- Table View
- Core Data Stack
- Creating Core Data Application
- Web Views
- Picker Views
- Map Views
- Camera Applications
- Experience consuming web services (JSON)
- Experience with Object Oriented development

iOS Applications Developed

Novus Mobile, act it-out (Charades Game)

Charades To Go is an iOS application developed to entertain users with their friends and family while acting out items selected on the app. This app allows users to pick categories to act out from movies and TV shows to singers and celebrities. This application also saves your score and time settings and explains how to play the game.

This is the link to the act it-out app submitted to the App Store: <https://itunes.apple.com/us/app/act-it-out/id836781461?ls=1&mt=8>

Naranda Games, Choppy Flights

Simple additive game... all you have to do is keep the helicopter in the air as long as possible... just avoid the birds and buildings and stay under the clouds! How far will you go?

This is the link to the act it-out app submitted to the App Store:

Free Version: <https://itunes.apple.com/us/app/choppy-flights-lite/id879186319?mt=8>

Paid Version: <https://itunes.apple.com/us/app/choppy-flights-lite/id879186319?mt=8>

Chick-Fil-A, Inc. Tie Rack 2014

Tie Rack allows iPhone users to position various Chick-fil-A ties over a live camera view and take snapshots with the illustrated tie superimposed over the photo. The idea started as a way to see how well Chick-fil-A ties would match various dress shirts before

bringing them home from the store. This app is available through the internal app store for Chick-Fil-A, Inc. staff members.

BOLLC Church App 2014

This is a state of the art app that was designed with all the needs a church would benefit from. A robust, feature in rich and easy to use app, which is free and provides you with an unlimited access to devotionals, sermons, donations, prayer request, church calendar, social media, sermon notes.
